Illegal CATIA V5 File Name

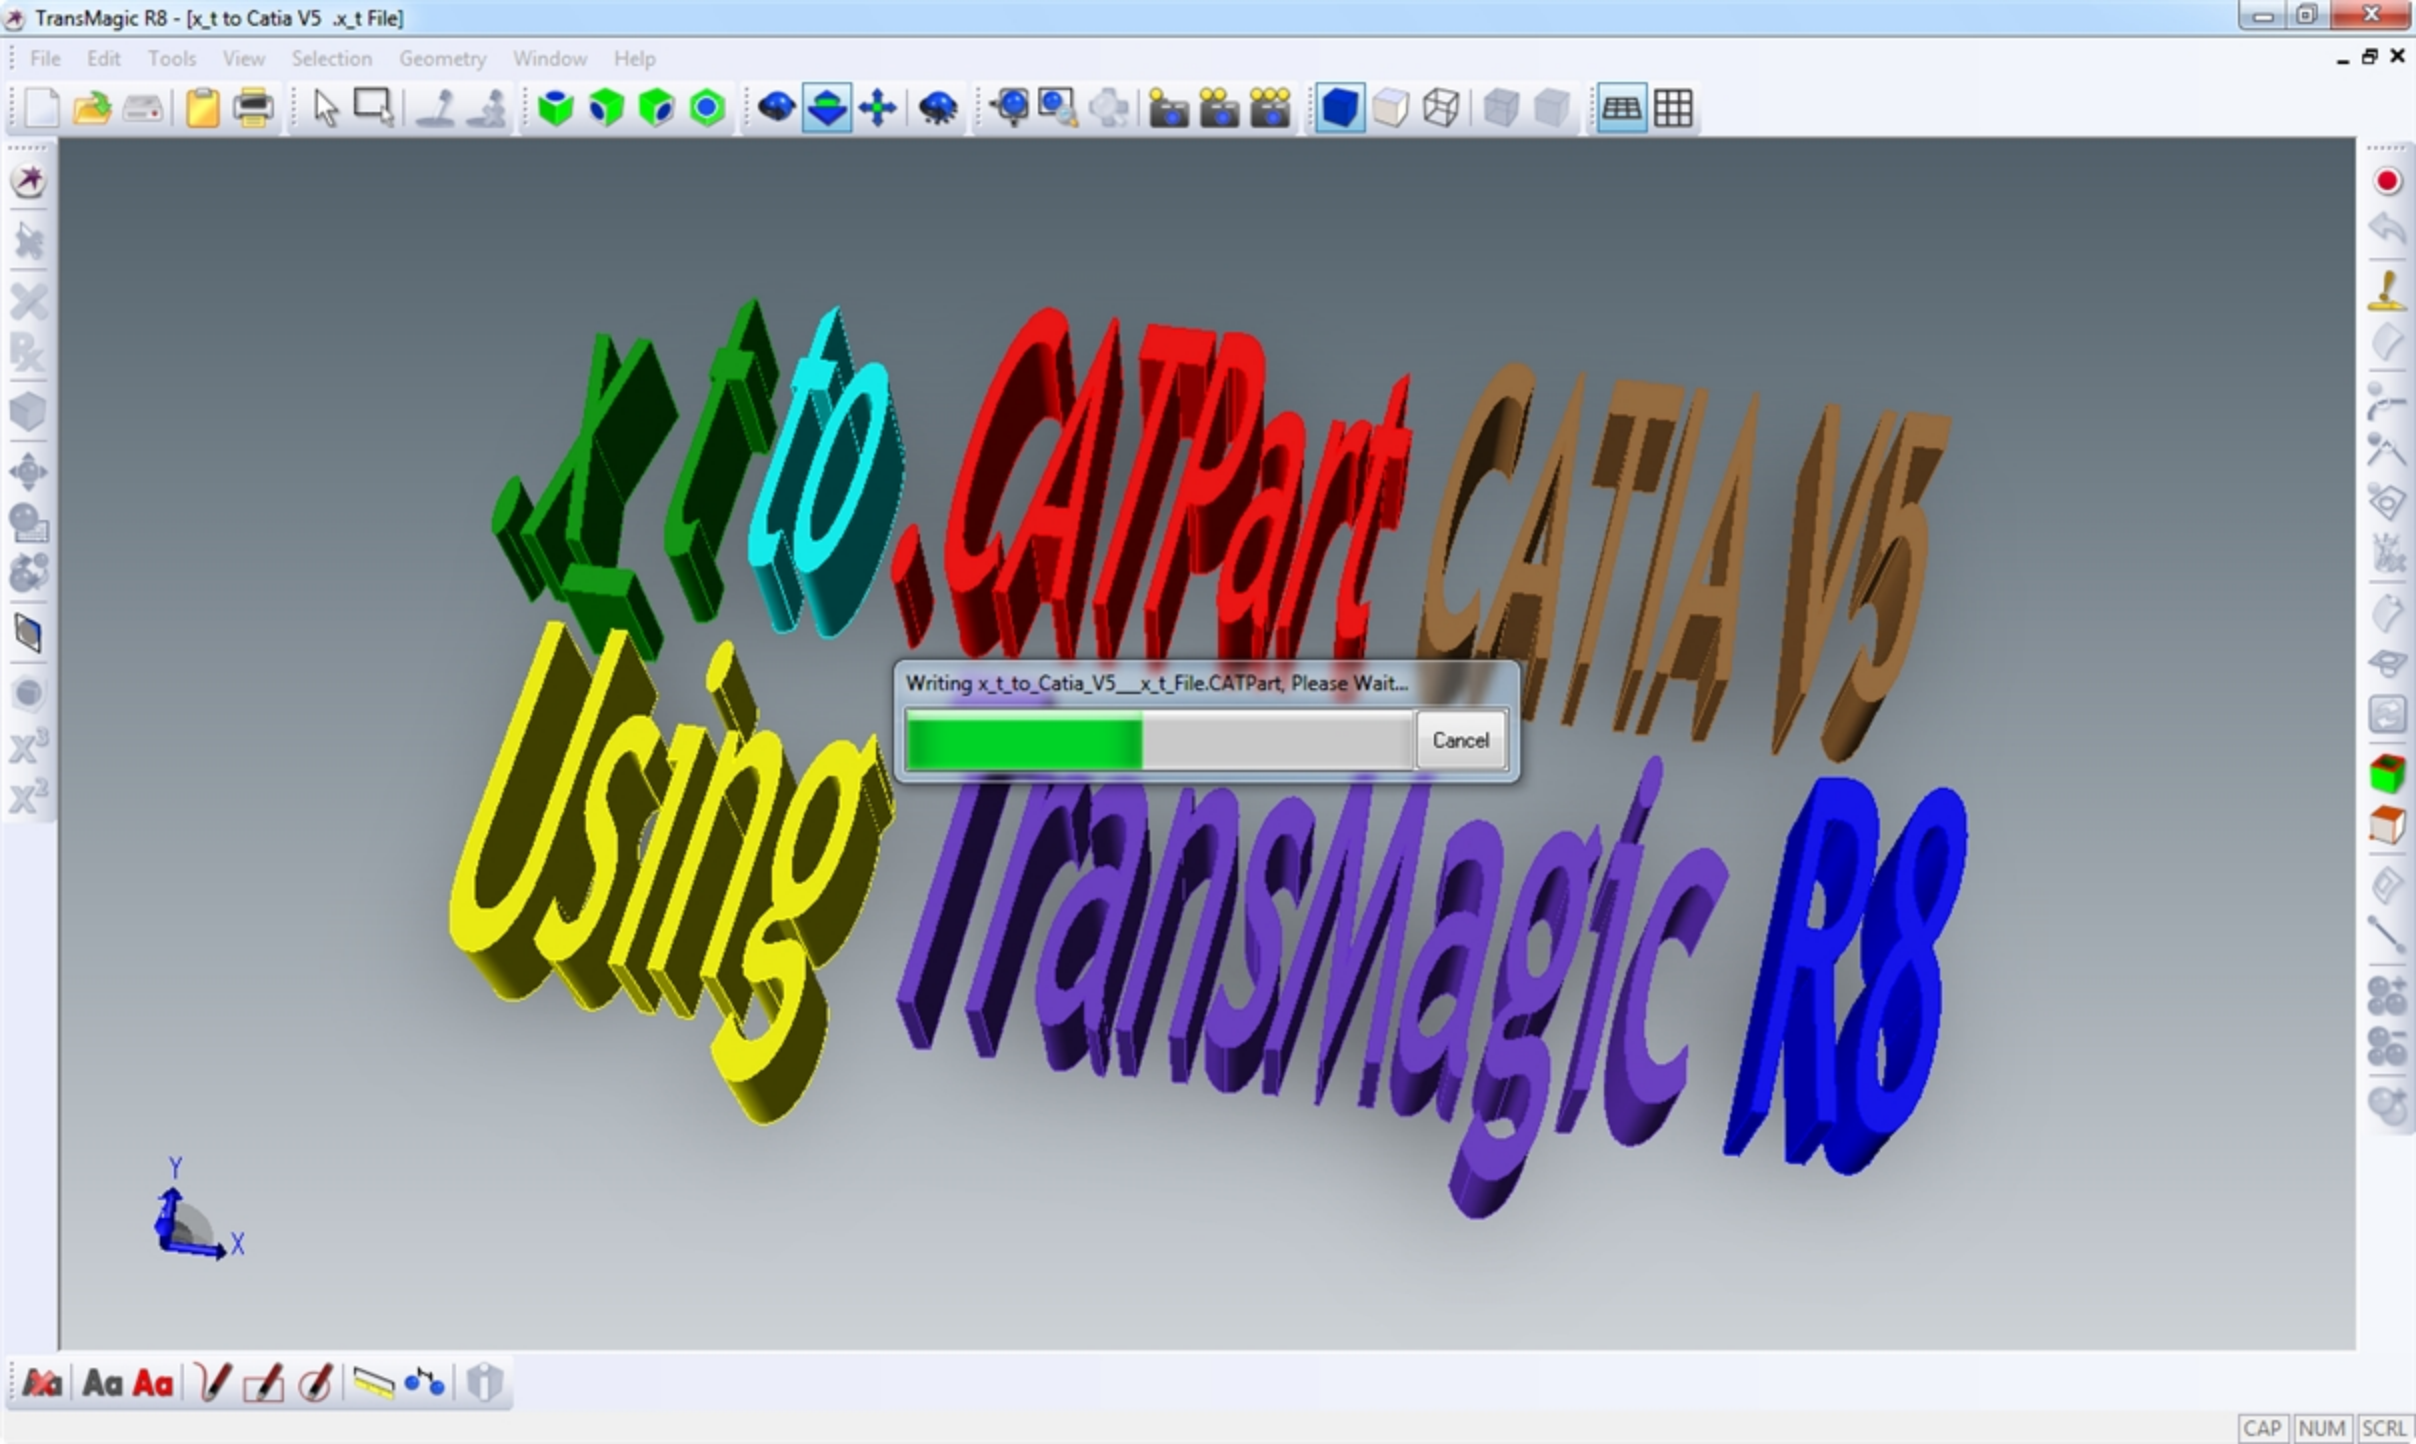

CATIA V5 does not accept file names with non-ASCII characters. CATIA V5 is based on the ISO 646 Standard. For more information see the following web site:

http://en.wikipedia.org/wiki/ISO/IEC_646

TransMagic can automatically change the non-ASCII characters to "_". Click "OK" to change the non-ASCII characters to "_" or click "Cancel" to exit and re-name the file yourself.
